

## **Membership Subscription Changes Update**

At the 2019 AGM we gave an indication that we would be coming back to the membership classes and possible costs changes as a result. This was largely to due to NZHS having a large number of membership classes and also some increasing costs associated with servicing overseas members mostly relating to payment of fees. As a result of the COVI19 outbreak we have seen a change in our membership numbers and also by implementing online payments have seen a reduction in costs servicing overseas membership therefore we have decided not to proceed with any changes until we see the effects bed in and will reconsider it and next year's AGM.
